

Libertas Christian School Elementary 2 Day Program Home and School Partnership

Our 2 Day Program gives parents the opportunity to be directly involved and intentional in their child's education, with the professional assistance of teachers who choose curriculum, set guidelines, and keep records.

At the elementary level, parents must take the responsibility of assisting students with school assignments, including re-teaching concepts when necessary. Parents should verify that all assignments are completed and turned in on time. They should provide a consistent place of study and be available to offer the assistance appropriate to their student's ability.

For students new to our 2 Day Program, organization of time management may be a challenge to learn. Parents and students should be aware that a Libertas student will need to spend a minimum of two hours per day completing school assignments. Parents need to be aware that they may need to spot-check student's work for understanding the concepts.

Parents must insure their student completes home lessons in order to successfully complete the partnership component with Libertas. The program is formatted into four days of education – two days at school and two days at home. Home lessons in all the subject areas will take the students approximately two-four hours each home day to complete assignments, depending on ability level and content difficulty.

Parents are not required to volunteer in the classroom, but are welcome to offer assistance to any of the teachers and to help with lunch and recess duties. Parents may also visit the classroom to gain familiarity with the structure and format of each class. Parent/Teacher conferences are mandatory in November.

Parents should take responsibility to get their children all needed school supplies and library reading books when curriculum lessons require it. Parent should also get their children to school on time in the morning and pick them up when classes are out for the day.

By signing this document, I agree to partner with Libertas Christian School in the education of my student(s). I will fulfill my responsibilities of this partnership as described above.
