

Libertas Christian School

Technology–Electronic Information Access and Use Policy Agreement Form

I have read the Acceptable Usage Policy as established at Libertas Christian School, and understand its contents. Any questions about Network and internet activities will be answered by the Technology Coordinator or teacher. My signature below, and that of my parent(s) and/or legal guardian(s) indicated that I agree to follow the guidelines of using the Computers, Internet, Network and email as stated in this document. At any time, this document can be updated to meet the challenges introduced by new technologies and will be made available to faculty, parents, and students.

Cell Phone Policy

Because we want to minimize distractions and interruptions during the school day, and we want students to interact with each other between classes and during breaks, cell phones must be turned off and stored away during school hours: 8:20 a.m. – 3:05 p.m. They may be in your backpack or purse, but must not be used or seen at any time during the school day. If there is an emergency, parents may call the Libertas office number and your student will be notified. If any student has an emergency, they should seek permission from a faculty or staff member before they use their phone. I have read and understand the Libertas Cell Phone Policy and I agree to abide by it.

Name of Student: _____

Student Signature: _____ Date: _____

Signature of Parents/Legal Guardian: _____

Note*: Everyone must sign and return this form yearly, in order to use Libertas Christian Schools computers, the network or internet access, regardless of connection type (wired or wireless access) at Libertas Christian School.

Students and faculty will receive their usernames and passwords once they complete this paperwork and turn it in. If a username and password have already been granted previously, the account will remain in an inactive state until signatures are renewed yearly.

Accounts are not active during summer months unless prior arrangements have been made with the Technology Coordinator or teacher.
