

Libertas Student Athlete Substance Abuse Policy

Libertas Student Athletes are not to associate with, use, possess, sell, or transfer alcohol, tobacco, illicit or performance enhancing drugs, misuse prescription or non-prescription drugs or inhalants at any time (365 days a year). Students bringing illegal drugs on campus will be turned over to the local police for prosecution. Students who violate this rule shall be immediately withdrawn from classes at Libertas and will be suspended from any athletic activity (conditioning, practices, scrimmages, games, camps, etc.) for the remainder of the current season (fall, winter, or spring) and the entire following season. Discipline will be commensurate with the violation and will entail a suspension or recommendation for expulsion at the discretion of the Libertas school Board.
